Raebareli, Uttar Pradesh, India

Objective

Motivated .NET Developer with hands-on experience in building scalable and secure web applications using C#, ASP.NET, and SQL Server. Proficient in developing RESTful APIs, implementing MVC architecture, and managing relational databases. Strong problem-solving skills and a collaborative mindset, eager to contribute to high-quality software solutions and grow in a dynamic, technology-driven organization.

Technical Skills

- **Frontend:** HTML, CSS, JavaScript, Bootstrap, Ajax, jQuery, Razor Pages
- **Backend:** C#, ASP.NET MVC, ADO .Net, Web API
- **Databases:** SQL Server
- **Developer Tools & Platforms:** Visual Studio, VS Code, Git, GitHub
- **Other Skills:** MVC Architecture, RESTful APIs, CRUD Operations, Clean Code

Education

- **Feroze Gandhi Polytechnic, Raebareli** *Sept. 2022 – Jul. 2025*
  Diploma in Information Technology
- **Satya Narayani Devi Shiksha Niketan Inter College, Raebareli** *April. 2020 – Jul. 2022*
  Intermediate

Experience

- **Techpile Technology Pvt. Ltd.** *Aug. 2025 – Present*
  Apprenticeship Lucknow
  - Learned core .NET technologies including C#, ASP.NET Core, and MVC architecture.
  - Worked with SQL Server for database design and data management.
  - Implemented CRUD operations using Ajax and jQuery and ADO .Net.
  - Followed clean coding practices and basic software development standards.

Projects

Student Management System
Tech Stack: [C#, ADO .Net, MVC, SQL Server, HTML, CSS, Bootstrap] Jan. 2026

- Developed a student registration module with dynamic dependent dropdowns for college, course, branch, and year.
- Implemented secure student login with dashboard access, profile update, and password change functionality.
- Designed an admin authentication system with role-based access to the admin dashboard.
- Built CRUD modules for managing students, colleges, courses, branches, and academic years.
- Integrated ADO .Net with SQL Server for data persistence and relational mapping.

Tanishq Website UI Replica
Tech Stack: [HTML, CSS, Bootstrap] Nov. 2025

- Developed a responsive Tanishq website UI clone using HTML, CSS, and Bootstrap, focusing on a premium e-commerce experience.
- Utilized Bootstrap grid system and utility classes to build consistent and responsive layouts.
- Designed key UI sections including homepage banners, product collections, category displays, and footer.
- Ensured visual consistency through proper typography, spacing, and color schemes aligned with the brand.
- Optimized the UI for cross-device compatibility including mobile, tablet, and desktop screens.

Blinkit Website UI Replica
Tech Stack: [HTML, CSS] Oct. 2025

- Built a pixel-perfect Blinkit-inspired user interface using pure HTML and CSS without any frameworks.
- Designed a clean and modern layout including navbar, category sections, product cards, and footer.
- Implemented responsive design principles to ensure compatibility across mobile, tablet, and desktop screens.
- Used Flexbox and CSS Grid for efficient layout structuring and alignment.
- Focused on UI consistency, spacing, typography, and color accuracy to closely match the Blinkit design.
